INTRODUCTION

The Community Development Block Grant (CDBG) program is a United States Housing and Urban Development (HUD) program that provides communities with resources to address community development needs. Since its establishment by Congress in 1974, the CDBG program has been one of the longest continuously run programs at HUD. As an entitlement community and Participating Jurisdiction (PJ), the City of Racine Department of City Development receives annual funding allocated by HUD.

The Federal objectives of the CDBG Program are to provide the following, principally for persons of low and moderate income (LMI): decent housing, a suitable living environment, and expanded economic opportunities.

Code Enforcement funding is available to government, with successful implementation of other grant programs. FY2021 CDBG is allocated for Code Enforcement activities to implement the RENTS ordinance. Funds will be used to pay the wages and benefits of inspectors working in selected LMI Area Benefit block groups within both the Neighborhood Stabilization and Enhancement District and the Greater Uptown Neighborhood Revitalization Strategy Area (NRSA). The NRSA is a HUD approved designated local target area for revitalization. **(See Attachment A)**

For public services such as job training, youth programming, and crime prevention please see the City of Racine Public Services CDBG NOFA and Application. For capital improvement assistance to microenterprises or other for-profit entities when the recipient determines that such assistance is appropriate to carry out economic development projects please see the Economic Development Microenterprise Assistance Program [MAP] CDBG Application.

On December 15, 2021, the City of Racine passed its 2020-2024 Consolidated plan and the 2020 Annual Action Plan, allocating the funds to certain specific programs and other uses as outlined in this NOFA.

DESCRIPTION OF SOLICITED SERVICES

Each year the City of Racine receives an allocation of Federal Community Development Block Grant (CDBG) dollars under the Housing and Community Development Act of 1974 (HUD). The primary objective of the program is the development of viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for low- and moderate-income persons (LMI) persons. Low- and moderate-income refers to household income at or below eighty percent (80%) of the area median income, as defined by HUD (see Table 1 below). These federal funds are to be used to provide housing, capital improvements, community facilities, and economic development activities to improve living conditions in low-income areas and for low-income residents of the City of Racine, WI.

| FY 2020 Income Limit Area | FY 2020 Income Limit Category | 1 Person | 2 Person | 3 Person | 4 Person | 5 Person | 6 Person | 7 Person | 8 Person |
|---------------------------|-------------------------------|----------|----------|----------|----------|----------|----------|----------|----------|

In the CDBG program, Code Enforcement will be broadly defined as Costs incurred for inspection for code violations and enforcement of codes in deteriorating or deteriorated areas when such enforcement together with public or private improvements, rehabilitation, or services to be provided may be expected to arrest the decline of the area.

Code Enforcement Activities will be used for:

1. For CDBG program purposes, code enforcement is defined as a process whereby local governments gain compliance with ordinances and regulations regarding health and housing codes, land use and zoning ordinances, sign standards, and uniform building and fire codes.
2. The CDBG program expects the focus of code enforcement to be on health and safety issues in buildings and structures.
3. Supplemental efforts to address code violations related to vacant lots, signs, and motor vehicles are allowed in conjunction with efforts involving buildings and should only be a minor part of the City's code enforcement program.

Special requirement for City/County Department Applicants Only: Please note that federal regulations prohibit using CDBG funds to supplant (replace or substitute for) local or state funds for ongoing responsibilities of general local government. The intent of this federal regulation is to prevent local government from using the availability of federal CDBG dollars to reduce local funding commitments.

CDBG Project Requirements

In order to be eligible for funding under the CDBG Capital Projects program, **an application must meet three (3) basic requirements:**

REQUIREMENT #1

The project must meet **HUD's CDBG National Objective** (24 CFR 570.208 (a)), which is to benefit **Low/Moderate Income (LMI)** persons (see Table 1, above). A.Area Benefit Activities (24 CFR 570.208 (a) (1))

Under **area benefit** the public facility or improvement must benefit all residents of an area where at least fifty-one percent (51%) of the residents are LMI within the NRSA.

- Q2. Does the public have access to information about the compensation of the senior executives in your business or organization (including parent organization, all branches, and all affiliates worldwide) through periodic reports filed under Section 13 (a) or 15 (d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m (a), 78o (d)) or section 6104 of the Internal Revenue Code of 1986?

If awarded funds, these data elements will be inputted into FSRs by the City. The public will have access to this information on <http://www.USASpending.gov>.

Conflict of Interest: The Applicant covenants that no person who presently exercises any functions or responsibilities in connection with the City of Racine's Community Development Block Grant (CDBG) program has any personal financial interest, direct or indirect, in this Agreement. The Applicant further covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. The Applicant further covenants that in the performance of this project/application, no person having any conflicting interest will be employed. Any interest on the part of the Applicant or its employees must be disclosed to the City.

No officer, employee, or agent of the Applicant shall participate in the selection, award, or administration of activity funded in whole or in part with CDBG funds if a conflict of interest, real or apparent, would exist, nor shall their families, or those with whom they have business ties, so benefit.

Changes to Scope: For agencies that are funded with CDBG funds, if any changes are made to the scope, location, and/or beneficiaries of the program, the agency will be responsible for any costs associated with public notices placed in the Racine Journal Times the City's legal paper of record, notifying the public of the programmatic change.

Environmental Review: All projects will need to have an environmental review completed by the City in accordance with the National Environmental Protection Act (NEPA). The scope of the environmental review will depend on the nature and size of the project. The City may need to incur costs related to the completion of the NEPA review. The cost will be passed on to the applicant as a project cost. Once the funding application is received the applicant and anyone else in the development process cannot take any choice limiting actions until the environmental assessment is complete. Choice limiting actions include the acquisition of property, beginning construction activities, signing binding contracts, etc. If a choice limiting action is taken without the environmental assessment being completed, it will disqualify the project from receiving federal funding.

Choice Limiting Actions: HUD only allows the use of a conditional purchase and sale contracts conditioned on completion of the environmental review for the purchase of properties. The responsible entity or applicant may enter into a purchase option on these projects if the option agreement meets the standards of Part 58.22(d). (Applicants will need to work with City staff to ensure that the option agreement meets the requirements of Part 58.22(d)). Regulations at 24 CFR Part 58.22 make it clear that a recipient, any participant in the development process (including public or private nonprofit or for profit entities), or any of their contractors may not commit HUD or non-HUD funds on a project until the environmental review process has been completed and the Request of Release of Funds and related certification have been approved, if needed. *The City may request applicants submit a Phase I environmental, or other related studies if applicable.*

Uniform Relocation Act/Section 104(d): All projects that involve acquisition, rehabilitation or demolition are subject to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Uniform Act), as implemented by HUD regulation 24 CFR 570.606, as applicable. Projects that will result in the loss of housing units that rent (or would rent) at or below Fair Market Rents, or convert such units to use other than lower income housing are subject to 104(d). All applicants with a project that has or will include acquisition (including right-of-way), rehabilitation, or demolition as part of their project must contact Brendan Saunders at 262.636.9151 or by email at Brendan.Saunders@cityofracine.org for project review and determination of applicability of Uniform Act/104(d) requirements and associated budget. **City review must be completed prior to the NOFA due date.**

Labor Standards: Projects involving new construction or rehabilitation in excess of \$2,000 will adhere to federal labor laws which include:

- a) Davis Bacon Act: *Applicable to all projects (except residential housing projects with seven (7) or fewer housing units).* Provides assurance that workers employed in construction work under federally assisted contracts are paid wages and benefits equal to those that prevail in the locality where the work is performed. If applicable, the cost of compliance monitoring for federal Davis Bacon may be passed on to the applicant as a project cost.
- b) Contract Work Hours and Safety Standards: *Applicable to all projects.* Provides assurance that workers employed in construction work under federally assisted contracts are paid one and a half (1½) times their normal salary for working over forty (40) hours per week.
- c) Copeland Act: *Applicable to all projects.* Governs the deductions from paychecks that are allowable, and requires submission of weekly payroll.
- d) Fair Labor Standards: *Applicable to all projects.* Establishes a basic minimum wage for all work, and requires the payment of time and a half for overtime.

Equal Employment Opportunity: This law prohibits discrimination against any employee or application for employment because of race, color, religion, sex, or national origin. Provisions to effectuate this prohibition must be included in all construction contracts. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The Contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, creed, color or national origin.

Section 3 Requirements: All construction contracts must meet Section 3 requirements to the greatest extent feasible. Opportunities for training and employment arising from the project will be provided to low-income persons residing in the program service area. To the greatest extent feasible, contracts for work to be performed in connection with the contractor will be awarded to business concerns that are located in or owned by a person residing in the program service area. A Section 3 plan for the project will be required to be completed prior to the start of construction and a Section 3 clause will need to be included in any construction contracts.

Minority Business Enterprise/Women's Business Enterprise (MBE/WBE): Developers of federally funded housing projects *must adopt* procedures to establish and oversee a minority outreach program to ensure, to the maximum extent possible, that minorities and women, and businesses owned by minorities and women (MBE/WBE's), are offered contracts. Applicants will need to include an outreach plan and include MBE/WBE provisions in all construction contracts.

Lead Based Paint: If the project involves acquisition and/or rehabilitation on a building or buildings built before 1978, federal regulations require that testing for lead paint be conducted and a risk assessment be provided. Any lead-based paint hazard must be corrected in accordance with federal and state guidelines.

Contracting and Procurement: Projects may be subject to certain Federal procurement rules which include:

- a) Conflict of Interest;
- b) Debarred contractors; and
- c) Procurement Standards under 24 CFR 85.36 and 24 CFR Part 84.40-48, as applicable.
- d) Inclusion of CDBG and other federal requirements in all contracts and subcontracts

associated with the project.

- a) Title VI of the Civil Rights Act of 1964 as amended;
- b) The Fair Housing Act;
- c) Equal Opportunity in Housing Act; and
- d) Age Discrimination Act.

All projects must adopt affirmative marketing procedures in compliance with federal and City policy. An affirmative marketing plan must be provided on HUD form HUD935.2A. The plan must, to the greatest extent possible, provide information to the public and potential tenants that may be underserved in the community.

Accessibility: All projects must comply with the following federal accessibility laws:

- a) Americans with Disabilities Act;
- b) Fair Housing Act; and
- c) Section 504.

Financial Management: The applicant agrees to comply with the City and Federal audit requirements contained in the Office of Management and Budget Super Circular 2 CFR 200 which requires that non-profit organizations expending \$750,000 or more in federal funds in a fiscal year must secure an audit.

Other Federal Requirements: Recipients of CDBG funding will be required to comply with all federal laws and requirements including all OMB circulars and other federal requirements not listed in these instructions.
