Ascension

Meet your Racine Employee Health & Wellness Center care team

The Racine Employee Health & Wellness Center, in partnership with Ascension Wisconsin, works with you to help you achieve health and wellness goals by providing services ranging from primary and preventive care, chronic disease management, wellness services and health coaching.

Caitlin Stansil, MSN, APNP, FNP-C

Caitlin is a dedicated, patient-focused Family Nurse Practitioner with a passion for assisting patients with reaching their health goals. Caitlin brings her advanced assessment skills and strong clinical judgment as well as an extensive history of providing nursing care in Women's Health.

Lizel Granada, APNP

Lizel is a family practice nurse practitioner with 13 years of experience. She has experience working with patients with acute illness such as URIs, strep, covid, pink eye, ear infections and minor injuries. She has also managed chronic health conditions such as diabetes, hypertension, hyperlipidemia, thyroid conditions, asthma, allergies, women's health and preventive wellness exams of all ages. She feels it is important to empower her patients to help make healthy choices and be an active participant in reaching their health care goals.

Looking for a Primary Care Provider (PCP)?

Caitlin Stansil, NP

Lizel Granada, NP

Your onsite providers are accepting new patients at the Racine Employee Health & Wellness Center

- **No/low co-pay or deductible**
- **Convenient scheduling**
- **Onsite labs**
- **Medication management and dispensing**
- **Personal care and follow-up**

Benefits of choosing a Primary Care Provider (PCP):

- **Personalized care.** Knowing you and your medical history is vital to delivering the right care for you.
- **Prevention and chronic condition management.** Yearly screenings with your PCP helps catch issues early and manage chronic conditions to improve your well-being.
- **Save time and money.** Seeing your PCP first can save you costly trips to urgent care or the emergency department.
- **Continuity of care.** The continuity of care you'll receive and familiarity you'll experience will help you get the care that's best for you and your family.

Lizel Granada, APNP, is a family practice nurse practitioner with 13 years of experience. She has experience working with patients with acute illness such as URIs, strep, covid, pink eye, ear infections and minor injuries. She has also managed chronic health conditions such as diabetes, hypertension, hyperlipidemia, thyroid conditions, asthma, allergies, women's health and preventive wellness exams of all ages. She feels it is important to empower her patients to help make healthy choices and be an active participant in reaching their health care goals. She has had previous nursing experience in surgical ICU and trauma, open heart recovery, dialysis, Same Day surgery, med-surg and school nursing.

She has a Master's of Science degree in Family Practice from North Park University in Chicago and is board certified from the American Academy of Nurse Practitioners. Her parents inspired her to become a healthcare provider. Her father was a physician, and her mother was a nurse and ran their own private practice for many years. Her parents cared for and touched the lives of many individuals both here and abroad.

She is married, with 4 kids and 3 grandchildren. When she is not working, she enjoys gardening, being a dog mom and traveling.
