Find quality, cost-efficient care.

Studies show that people who actively engage in their health care decisions have fewer hospitalizations, fewer emergency visits, higher utilization of preventive care and overall lower medical costs.

Take an active part in your health by seeking out and choosing providers, with the help of the UnitedHealth Premium Program.

The Premium designation makes it easy for you to find doctors who meet national standards for quality and local market benchmarks for cost efficiency.

Premium Care Physician
The physician meets the criteria for providing quality and cost-efficient care.

Quality Care Physician
The physician meets the criteria for providing quality care.

Quality Not Evaluated
The physician does not have enough claims data to be evaluated for quality, so the physician is not eligible for the cost-efficient care designation.

Does Not Meet Quality
The physician does not meet the criteria for providing quality care, so the physician is not eligible for the cost-efficient care designation.

If a doctor does not have a Premium designation, it does not mean he or she provides a lower standard of care. It could mean that the data available to us was not sufficient to include the doctor in the program. All doctors who are part of the UnitedHealthcare network must meet our credentialing requirements (separate from the Premium program).
